

Gordon J. Christensen Scholarship

Joshua King

Biology Major, Russian and Chemistry Minor, Junior

A few things about me:

My name is Joshua King. I am 23 years old and am currently a junior at Utah State University. I am from a small town called Oakley, Utah. There I grew up spending most of my time in the outdoors; hunting, fishing, and playing sports. I graduated from South Summit in 2010 with a 4.0 GPA. I started attending Utah State in 2012 after serving an LDS mission in Kiev, Ukraine. I met my wife this last year; we are both students at USU. I am majoring in biology and will graduate with a minor in Russian and chemistry. I have chosen a biology major because it will set me on the path towards receiving my DDS. By attending dental school, I will be given the chance to help others feel better about themselves and promote a healthier lifestyle. I am very grateful to be receiving the Gordon J. Christensen scholarship. This scholarship will help me put the emphasis necessary on my education.
